

I-Identification of samples to be tested

Sample reference:

081128 03: samples of SPM PERFORMER joint (ESCORT and STARLINE).

Date received at laboratory: 28/11/2008

Type of test to be carried out: Test according to ISO 20743 standard, inoculation by transfer onto *Staphylococcus aureus*.

Treatment if any: none

II-Type of media used

Name: peptone / salt diluent

Reference: DIFCO, 218971

Batch number: 7024437

Date of preparation: 15/12/2008

Name: Plate Count Agar

Reference: Scharlau 01-161

Batch number: 17246

Date of preparation: 22/12/2008

Name: Pharmacopoeia diluent

Reference: Fisher Scientific A0 0331274

Batch number: 81164

III-Bacterial strain used

Staphylococcus aureus CIP 4.83

IV-Results

Under these experimental conditions:

- **The sample 081128 03 is bactericidal (activity of at least 4.66 log).**

Report prepared in triplicate

Issued in Lyon, on 29/12/2008
