

DESCRIPTION

Application	D75 has been developed to fix vinyl floor coverings with textile backing on the perimeter and under joints.	
Width	mm	75
Thickness (without protector)	mm	0.235 ± 0.10
Packaging		1 coil of 25 lm
Article code	-	05340001

PEFORMANCES

Peel adhesion on steel	N/25mm	Int: 27 – Ext: 35
Tension at break	N/25mm	80
Breaking extension	%	15
Temperature resistance	°C	60

STORAGE CONDITION

Living and storage duration is 12 months maximum, at a temperature between 15 ° C to 25 ° C and a relative humidity of 65%. The product must be kept away from any heat source, if possible, in its original packaging, without exposure to light. In the case of storage at lower temperatures, it is recommended to bring the product to temperatures mentioned above before use;
