

## THE PREMIUM SOLUTION FOR RENOVATION

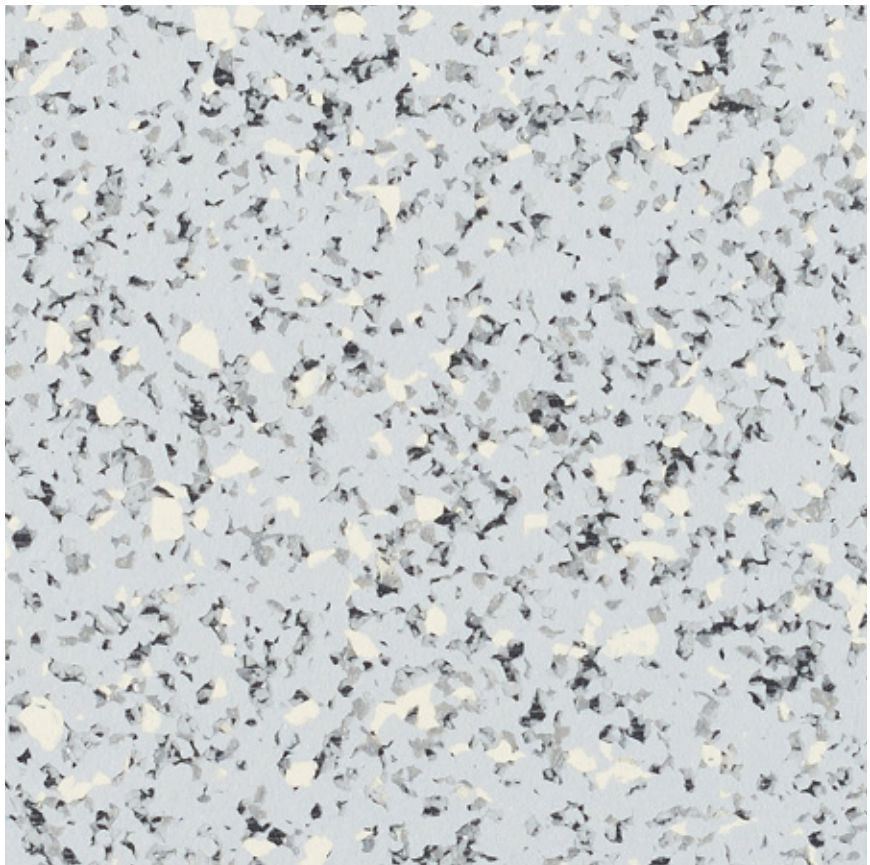

ATTRACTION is a 3/16" (5 mm) thick, colored, multilayered, interlocking, loose-lay resilient tile. It features discreet dovetail joints, making it ideal for quick renovations over an existing subfloor, such as concrete, VCT, ceramic tiles and asbestos tiles. Attraction features the revolutionary Protecsol® 2 surface treatment, which provides outstanding resistance to stains such as marker ink and offers no-wax, easy-maintenance protocols.
