

EMISSION CLASSIFICATION OF BUILDING MATERIALS

GERFLOR SAS

The classification working group set up by The Building Information Foundation RTS sr has approved the following product:

- GRADUS Adventurer (PVC Impervious)**
- GRADUS Boulevard 6000 (Sheet)**
- GRADUS Genus & Volnay (PVC Impervious)**

as belonging to emission class M1 for building materials.

The classification is valid until 09.08.2026.

GERFLOR SAS has the right to equip its classified products with the classification mark and to use this classification mark when marketing these products.

The decision is in line with the requirements laid down in the Classification of Indoor Climate 2018 and the Classification of Building Materials: General Rules.
